2023 High Sheriff Awards in

Engineering

Oxfordshire schools are invited to nominate students who have a passion for, and show great promise in, the field of Engineering, Resistant Materials or Design Technology.

FOUR AWARD CATAGORIES

- Year 8 & 9 Award
- Year 10 & 11 Award
- Year 12 & 13 Award
- Team Award (Max 8 students)

One student will be selected as the overall Young Engineer High Sheriff Award winner for 2023.

Prizes!

£400 voucher for the winning student in each category.
£1000 for the school/college with a winning student.
£200 voucher for the first runner up in each category.
£100 voucher for the second runner up in each category.
£800 voucher split between members of the winning team*.

Info.

To nominate a student or team of students, complete the nomination form and submit it by 6th April 2023. You can nominate as many students as you like!*
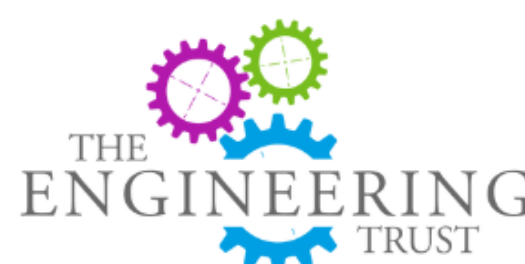

The Awards Ceremony will be held at Abingdon & Witney College on 26th June 2023. Those students judged to be the top three nominations from each category will be invited to attend, along with their parents and teachers.

Questions? Contact marea.brown@abingdon-witney.ac.uk

* Maximum of £100 per winning student for Team Award.
* Schools/colleges can only win the prize once even if multiple students win in different catagories.
